

REMARKS

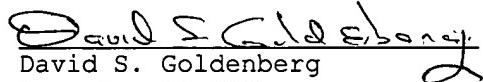

This paper is submitted prior to any substantive review of the above-identified application.

At this time Applicants amend the title of this application so that it more clearly describes the claims to which this application is directed.

Since the amended title complies with the requirements of 37 CFR Sec. 1.72, approval of this Amendment is courteously requested.

Amendments are to the specification. These amendments do not add new matter. Therefore, they should likewise be approved.

Respectfully submitted,
